FLUID STORAGE CATALOGUE

Welcome to the MHM Group fluid storage catalogue.

The MHM Group have been supplying UK and Ireland rental businesses with safe fluid storage solutions machinery for many years.

Portable, stackable, site and road tow options are available, alongside an extensive line of pump kits.

MHM fluid storage products are fully certified and compliant with all current regulations. They have been designed and built exclusively for the rental markets, incorporating all the features and benefits that an end-user expects.

All MHM fluid storage solutions are delivered 'ready to work' and supported by fully trained and experienced personnel.

The MHM Group's manufacturing facility is based near Milan, Italy and has over 40 years' experience in producing a wide array of equipment for the global rental markets.

An extensive stock of fluid storage tanks are maintained in the UK ready for quick delivery.

Additional Support

The MHM Group recognise that in the UK and Ireland hire markets managing a modern, up-to-date hire fleet is a key element in maintaining a competitive advantage.

Consequently, MHM have brought together two solutions that will help support all hire firms allowing them to offer the very latest equipment to their customers.

PART EXCHANGE

MHM resolve to take:

- ✓ Any Equipment
- ✓ Any Model
- ✓ Any Quantity
- ✓ Any Age
- ✓ Any Brand
- ✓ Any Condition

In part exchange for any equipment from the MHM range.

GUARANTEED BUY BACK

MHM will buy-back any equipment supplied by MHM whether it's:

- ✓ A Runner, fully working
- ✓ A Non-Runner, but complete
- ✓ A Spares or Repairs, incomplete, i.e. missing some parts
- ✓ With fixed price, 1 to 10 year payment facilities

Naturally, there are some terms and conditions attached to these options which will be fully explained before any agreements are entered into.

To find out more about these two unique choices **contact a MHM Group representative.**

Fuel Bowsers/Tanks

When looking for a robust, reliable, good quality transportable fuel storage tank suitable for fuel usage on and off site & connectable to both generators and heaters, look no further than our MHM Fluid Storage range.

Fuel Caddi-105

105 litre transportable & portable IBC fuel container

FULLY BUNDED

UK STANDARD APPROVED

HVO FUEL APPROVED

Optional extras

- Hand Pump, Hose & Nozzle
- Generator Connect Kit
- Heater Connect Kit

Fuel-SteelCube 450

450L Transportable Fuel Storage Tank

Road Tow Option Available

STACKABLE DESIGN

FULLY BUNDED

UK STANDARD APPROVED

HVO FUEL APPROVED

Optional extras

- Road-tow Kit
- Hand Pump, Hose & Nozzle
- 12V/24V Pump, Hose & Nozzle
- 230V Pump, Hose & Nozzle
- 110V Pump, Hose & Nozzle
- Battery Kit
- Generator Connect Kit
- Heater Connect Kit
- Solar Battery Maintenance Kit
- Fuel Level Telemetry

Fuel-SteelCube 950

Fuel Bowsers/Tanks

When looking for a robust, reliable, good quality transportable fuel storage tank suitable for fuel usage on and off site & connectable to both generators and heaters, look no further than our MHM Fluid Storage range.

Fuel-SteelCube 2000

2000L transportable fuel storage tank

FULLY BUNDED

Road Tow Option Available

STACKABLE DESIGN

UK STANDARD APPROVED

HVO FUEL APPROVED

Optional extras

- Road-tow Kit
- Hand Pump, Hose & Nozzle
- 12V/24V Pump, Hose & Nozzle
- 230V Pump, Hose & Nozzle
- 110V Pump, Hose & Nozzle
- Petrol Pump
- Battery Kit
- Generator Connect Kit
- Heater Connect Kit
- Solar Battery Maintenance Kit
- Fuel Level Telemetry

Fuel-SteelCube 3000

3000L transportable fuel storage tank

FULLY BUNDED

STACKABLE DESIGN

UK STANDARD APPROVED

HVO FUEL APPROVED

Optional extras

- Hand Pump, Hose & Nozzle
- 12V/24V Pump, Hose & Nozzle
- 230V Pump, Hose & Nozzle
- 110V Pump, Hose & Nozzle
- Petrol Pump
- Battery Kit
- Generator Connect Kit
- Heater Connect Kit
- Solar Battery Maintenance Kit
- Fuel Level Telemetry

Features

- 105, 450 and 950 litre capacities available
- Suitable to store either diesel, HVO (Hydrotreated Vegetable Oil) or a mixture of both fuels
- Fully banded base (110%)
- Stackable design*
- Lockable access/ storage hatch
- Flexible connectivity*
- Fork pockets + lifting eyes
- Protective galvanised framework & durable powder coated paint finish*/ Durable powder coated paint finish†
- Removable inner tank†
- Sized to transport across a truck bed & stackable for container handling*
- Small & portable wheelie-bin style design complete with handle + 2 x wheels†

Benefits

- Can be transported full of diesel
- Total flexibility in a modern environment
- To retain all spilt fluids
- Stack 2 high full or 3 empty for improved storage
- Storage available for various pump kits and generator or heater connection kit
- Able to supply up to 2 generators or heaters & refuel plant machinery at the same time
- Simple & easy manoeuvrability when full or empty
- Robust, long lasting & ready for work in any environment
- Easy access for maintenance & inspection
- Simple, effective & economical design to easily move via road transport & shipping
- Perfect for restricted access areas, such as doorways & lifts

* Fuel-SteelCube-450 & 950 only † Fuel Caddi-105 only
NOTE: Fuel-SteelCube-450 & 950 is pictured with 230V pump kit optional extra.

Features

- 2000 and 3000 litre options available
- Suitable to store either diesel, HVO (Hydrotreated Vegetable Oil) or a mixture of both fuels
- Fully banded base (110%)
- Stackable design
- Lockable access/ storage hatch
- Flexible connectivity
- Fork pockets + lifting eyes
- Protective galvanised framework & durable powder coated paint finish
- Removable inner tank
- Sized to transport across a truck bed & stackable for container handling

Benefits

- Can be transported full of diesel
- Total flexibility in a modern environment
- To retain all spilt fluids
- Stack 2 high full or 3 empty for improved storage
- Storage available for various pump kits and generator or heater connection kit

STACKABLE DESIGN

UK STANDARD APPROVED

Features

- 950 or 2000 litre capacity
- Suitable to store either diesel, HVO (Hydrotreated Vegetable Oil) or a mixture of both fuels
- Fully banded base (110%)
- Stackable design
- Lockable access/ storage hatch
- Flexible connectivity
- 4 x fork pockets + 4 x lifting eyes
- Protective galvanised framework & durable corrosion-free polyethylene inner & outer tank
- Removable inner tank
- Sized to transport across a truck bed & stackable for container handling

Benefits

- Can be safely transported full of diesel, under ADR regulations
- Total flexibility in a modern environment
- To retain all spilt fluids
- Stack 2 high full or 3 empty for improved storage
- Secure storage available for various pump kits and generator or heater connection kit
- Able to supply up to 2 generators or heaters & refuel plant machinery at the same time
- Simple & easy manoeuvrability when full or empty
- Robust, long lasting & ready for work in any environment
- Easy access for maintenance and inspection
- Simple, effective & economical design to easily move via road transport & shipping

Features

- 950 and 2000 litre capacity
- Fully banded base (110%)
- Stackable design
- Lockable access/ storage hatch
- 4 x fork pockets + 4 x lifting eyes
- Protective galvanised framework & durable corrosion free polyethylene inner and outer tank
- Removable inner tank
- Sized to transport across a truck bed & stackable for container handling

Benefits

- Can be safely transported full of AdBlue with enough storage for the average construction site application
- To retain all spilt fluids
- Stack 2 high full or 3 empty for improved storage
- Secure storage available for various pump kits
- Simple & easy manoeuvrability when full or empty
- Robust, long lasting & ready for work in any environment
- Easy access for maintenance and inspection
- Simple, effective & economical design to easily move via road transport & shipping

Fluid Storage // Water Storage

When looking for a robust, reliable, good quality transportable and stackable water storage tank suitable for general water usage on and off site, look no further than our MHM Fluid Storage range.

Water PolyCube 1000

1000L (220 gallon) transportable water storage tank

- Optional extras
- Road-tow Kit
 - 230V Pump, Hose & Nozzle
 - 110V Pump, Hose & Nozzle
 - Antifreeze Hose & Tank Kit c/w Thermostat

Stackable Water Tank 1125

1125L (250 gallon) transportable and stackable water storage tank

Optional extras

- Tap Kit
- Hose Kit

Fluid Storage // Water Storage

When looking for a robust, reliable, good quality towable water storage bowser suitable for general water usage on and off site, look no further than our MHM Fluid Storage range.

Site-Tow Water Bowser 1125

1125L (250 gallon) site-towable water storage bowser

Optional extras

- Tap Kit
- Hose Kit
- Multiple Colour Options Available
- Skid Base

Site-Tow Water Bowser 2000

2000L (440 gallon) site-towable water storage bowser

Optional extras

- Tap Kit
- Hose Kit
- Multiple Colour Options Available
- Skid Base

Road-Tow Water Bowser 1125

1125L (250 gallon) road-towable water storage bowser

Optional extras

- Tap Kit
- Hose Kit
- Multiple Colour Options Available
- Skid Base

Features

1000 litre (220 gallon) and 1125 litre (250 gallon) capacity

- Drinking water approved
- Stackable design
- Internal anti-surge baffle*
- Lockable access/ storage hatch
- Flexible connectivity
- 4 x fork pockets + 4 x lifting eyes / 2 x fork pockets + 4 x lifting eyes*
- Protective galvanised framework & durable corrosion free polyethylene inner and outer tank
- Removable inner tank
- Sized to transport across a truck bed & stackable for container handling†

Benefits

- Can be safely transported full of water and enough storage for most construction site applications
- Suitable for both construction and event applications
- Stack 2 high full or 3 empty for improved storage
- Additional stability for transport
- Secure storage available for various pump kits
- Able to connect to multiple cabins or temporary building applications
- Simple & easy manoeuvrability when full or empty
- Robust, long lasting & ready for work in any environment
- Easy access for maintenance and inspection
- Simple, effective & economical design to easily move via road transport & shipping

Features

1125 litre (250 gallon) and 2000 litre (440 gallon) capacity

- Internal anti-surge baffle
- 22 inch lockable top access cover
- Inner sealed and vented lid
- Flexible connectivity
- Protective galvanised base and durable corrosion free polyethylene inner and outer tank secured by 2 x stainless steel straps
- Complete on site-tow or road-tow chassis

Benefits

- Can be safely transported full of water and enough storage for most construction site applications
- Additional stability for transport
- Secure and simple refill access
- Extra protection
- Able to suit a variety of applications
- Robust, long lasting & ready for work in any environment
- Single solid beam axle*
 - not suitable for UK highway use/
 - suitable for UK highway use

Fluid Storage // Water Storage

When looking for a robust, reliable, good quality road-towable pressure washer bowser suitable for general washing and cleaning on and off site, look no further than our MHM Fluid Storage range.

Road-Tow Pressure Washer Bowser 1125-P

1125L (250 gallon) road-towable pressure washer bowser

Optional extras

TANK Features

1125 litre (250 gallon) capacity

Internal anti-surge baffle

22 inch lockable top access cover

Inner sealed and vented lid

Protective galvanised base and durable corrosion free polyethylene inner and outer tank secured by 2 x stainless steel straps

Lifting points & fork pockets

Complete on road-tow chassis

PRESSURE WASHER Features

3000 PSI/ 200 Bar

Interpump water pump

Return to tank unloader valve

1450rpm gearbox drive

Honda petrol engine or Yanmar diesel engine

Strong protective metal frame

Hand lance holder & hose storage

Detergent chemical feed-line c/w strainer filter

Road-Tow Pressure Washer Bowser 1125-D

1125L (250 gallon) road-towable pressure washer bowser

Optional extras

TANK Benefits

Can be safely transported full of water and enough storage for most construction site applications

Additional stability for transport

Secure and simple refill access

Extra protection

Robust, long lasting & ready for work in any environment

For flexible & safe loading & unloading*

Single axle, suspension, brakes, mudguards & rear lights

– suitable for UK highway use

PRESSURE WASHER Benefits

Plenty of pressure for most site washing applications

Heavy duty and proven reliability

Maximum protection for a rental environment

Reduced speed for cooler running & improved longevity

Power, reliability & robust strength

Great protection in a rental and construction environment

For safe and secure storage and transport

Simple connectivity for easy use of various cleaning products

Inner sealed and vented lid

Protective galvanised base and durable corrosion free polyethylene inner and outer tank secured by 2 x stainless steel straps

Lifting points

Complete on road-tow chassis

PRESSURE WASHER Features

3000 PSI/ 200 Bar

Interpump water pump

Return to tank unloader valve

1450rpm gearbox drive

Honda petrol engine or Yanmar diesel engine

Strong protective metal frame

Hand lance holder & hose storage

Detergent chemical feed-line c/w strainer filter

TANK Benefits

Can be safely transported full of water and enough storage for most construction site applications

Additional stability for transport

Secure and simple refill access

Extra protection

Robust, long lasting & ready for work in any environment

For flexible & safe loading & unloading (only lift when tank is empty)

Single axle, suspension, brakes, mudguards & rear lights

– suitable for UK highway use

PRESSURE WASHER Benefits

Plenty of pressure for most site washing applications

Heavy duty and proven reliability

Maximum protection for a rental environment

Reduced speed for cooler running & improved longevity

Power, reliability & robust strength

Great protection for a rental & construction environment

For safe and secure transport & storage

Simple connectivity for easy use of various cleaning products

Hydrotreated Vegetable Oil //

HVO RENEWABLE DIESEL

Reduce your carbon emissions by **90%** when using HVO Fuel as opposed to traditional diesel

100% SUSTAINABLE

100% CARBON OFFSET

100% RENEWABLE FUEL

CLEANER, GREENER FUEL ALTERNATIVE

HVO fuel is fully compatible & approved on all our diesel engine driven Power & Lighting product and our Fuel Storage Range.

MHM working in conjunction with Crown Oil

WHAT IS HVO?

HVO (Hydrotreated Vegetable Oil) is a premium quality fuel made from 100% renewable raw materials.

The FAME-free fuel is compatible, approved and safe to use as an alternative replacement fuel to traditional fossil fuel diesel in all of MHM's engine driven Power, & Site Lighting equipment along with our Fuel Storage Range.

Using HVO fuel produces net-zero carbon emissions, significantly reducing your carbon footprint.

Features

HVO is a direct replacement for regular diesel – no need to modify or adjust the engine or filters

HVO can be mixed with regular diesel in any ratio or quantity

Safely store for a longer period – up to 10 years – in comparison with regular diesel, reducing site activity, breakdowns and fuel testing

HVO provides better starting, clean combustion and less chance of waxing and water retention in extreme temperatures

Benefits

Reduce your carbon emissions by 90% Today!

Hassle-free usability and practicality

Extended shelf life

Excellent cold weather and all year around performance

Specification

Model	Technical						Performance Pressure Washer						Dimensions with Road-Tow Kit					
	Capacity (full)	Engine Fuel	Fluid	Design Approval	Bund Material (thickness)	Inner Tank (thickness)	Pump	Pump Type	Drive	Max Pressure	Max Flow	Hose Length	Noise Level	L	W	H	Dry Weight (No Water)	Wet Weight (Water Full)
Road-Tow Pressure Washer Bowser 2000-P	2000 L (450 gallon)	Petrol	Site Water Only	UK Standard	7mm	7mm	Interpump	Piston Type/ WS201	Gearbox	3000 PSI/ 200 Bar	15 Ltr per Min/ 4 Gal per Min	10m	LWA=99 dBa@7m=74	4090 mm	1982 mm	1600 mm	715 kg	2800 kg
Road-Tow Pressure Washer Bowser 2000-D	2000 L (450 gallon)	Diesel / HVO (HVO = BS EN 15940:2016 Only)	Site Water Only	UK Standard	7mm	7mm	Interpump	Piston Type/ WS201	Gearbox	3000 PSI/ 200 Bar	15 Ltr per Min/ 4 Gal per Min	10m	LWA=99 dBa@7m=74	4090 mm	1982 mm	1600 mm	715 kg	2800 kg

Product

Hydrotreated Vegetable Oil (HVO)

Standard

BS EN 15940:2016*

Use

Diesel engine only (Kubota, Yanmar, Kohler & Iveco)

Appearance

Clear and bright

* HVO fuel MUST meet the above standard only, failure to use any biofuels NOT to this standard may result in engine failure, which will NOT be covered by the engine manufacturers warranty and will remain chargeable in full to the user.
